P.N.A. 5 YEARS OLD
 (Cont. from page 1, Col. 3)

to: Medical Centre, Allans General Store, Violet Grove; Cardium Theatre; Drayton Valley Hotel Coffee Shop; A. Miler Insurance; M.A. Lelip & Co. For the wedding service: Violet Grove; Lloy's Jewellery; Valley Valley; The Drumstick Restaurant; (no longer operating); Western Travel Court; Valley Department Store (under former owner); Pembina Truck Town Service Ltd. (now Roy-Air Service); Marjory's Bakery (in the present White Bull location); the Bowdoin, Drayton Valley Motors; Penny's Inn (Violet Grove); Centrefold Motel and MacKenzie Shoe Store.

Mrs. Edith Dohy was a contributor to the first issue with her Drayton Valley Highlights, among her contributions was this item: "I think of the All-Maiden's and pleased to see him getting snow again. Mr. Madhus has been suffering from a severe attack of arthritis."

Bowling News contributed by Don Parkin who was working for the Oil and Conservation Board at that time. Among the items listed in the "Observation Tower" (in the present form of Scoop's Notebook were) "In Ken's Men Wear a new face has been seen recently. The face is the property of Jerry Key, recently

of Edmonton who is assistant manager of the men's wear shop. Jerry is taking the place of Darrell Smith who left recently to take over the management of Ken's store in Red Deer. According to the "Vital Statistics" record Mr. Key is unmarried. Another item stated "Dr. Theodore Brooks had a truly long distance call a few nights ago, when his brother, Dr. George, of Kent, England telephoned him to tell of the passing of their father, Dr. Jabbus Brooks, of Bedford, born in 1861. Dr. Jabbus studied medicine at the time when such mighty figures as Lister and Pasteur were preparing the way for modern surgery. Dr. Jabbus Brooks, was himself the son of a physician in replying to the call, sending messages of condolence to the family in the Old Country. Dr. Theodore replied with a statement from Bunyon's "Pilgrim Progress" which was written in the city of Bedford where his father died.

At the Federal census taken in 1955 Drayton Valley enumerated 1953's population of 2548. One year ago, four years after the 1955 census, Drayton Valley had a population of 3821. The 1961 census figures will soon be released which will no doubt show another rise in population. From February 1956 to February 1961, next col.

DISTRICT PERSONALITY

Vol. 6, No. 6, February 9, 1961. A. Mayford, Publisher. Box 130, Drayton Valley.

BOXING CARD IN DRAYTON VALLEY

Drayton Valley's Boxing Club, under the guidance of Gordon Cross has put on some excellent boxing events since the formation of the club about three years ago, but the card to be staged on Thursday, February 16 will top them all for action and first class fighting.

At least ten bouts are assured for the evening and fans will get more than their money's worth as local boys, and other boys from other clubs, mix it vigorously in the squared circle, in the Elk's Hall.

Another thing that will bring interest and enthusiasm to boxing is the fact that Drayton Valley has been selected as the point for the staging of the National Amateur Boxing Championships, when Amateur boxers of all weights, from all over Canada will be here in Drayton Valley contending for the amateur title in the various classes. In all probability Drayton Valley Boxing Club will have at least one boy in this mid-May finale also, which, and it goes without saying, will bring added prestige and publicity to this community.

At the moment of writing it is expected that the renowned Hobbsman Warrior Boxing Club from the Hobbsman Indian Reservation will be on hand for the fight Thursday week. The Hobbsman Club is a group of full-blood Indian boys, who make up a very formidable team. If the Hobbsman boys get here the local club's Combs will be matched with Pettis Hodgson, the "Hobbsman Hurricane" for the main event. Should the Hobbsman Club not be able to get here for some reason, young Combs will be matched with John L. Sullivan of the South Side Legion.

Seating space is limited for these events at the Elk's Hall so any one planning on coming should be there early. Fight will be scheduled to start at eight o'clock.

Gordon Cross is preparing a tough training schedule of three nights a week at the boxing training centre in the old elementary school building. Gordon wants all boys who are interested in learning boxing, training, or in helping in any respect, to support the club in their hopes of being winners again as they did last year when the club chalked up

a very enviable record in boxing circles with winners in Golden Gloves competition, Northern Alberta Championships and Provincial Championships.

Helping out in various phases of the boxing and training schedules is Don Bookler, as assistant Trainer. Don has much boxing knowledge and helped a lot in getting the boys through the Golden Gloves matches last year. Among others helping out in the training program is Dennis Powers.

The local club is rated among the best in Northern Alberta. All other clubs have been well satisfied with the type of boxman taken by the local Drayton Valley Club to boxing cards staged by other clubs in various parts of the province. All the local boys have given an unusually good accounting of themselves at all outside boxing tournaments they have gone to.

CROWN SALES

According to Oil in Canada publication cautions bidding characterized the Crown Sale of Alberta oil leases, January 10th, 1961. The sale was also characterized by an unusually large number of smaller companies. According to Oil in Canada "Maximum prices ran to about half the high figures which were prevalent in the peak of the Pembina boom. Even July Creek and Swan Hills, the hottest spots in the western Canadian oil scene, drew only one of the top-price figures at the rate of more than \$2,000 per acre."

The top bid was \$647,447 for 350 acres in Swan Hills field, for an average of \$2,023.27 per acre, by Mobil Oil of Canada Ltd.

Following is the listing of the sales in the Pembina field, with the amount that was paid per acre, as well as the total amount for the parcel.

John Albert Bright.

Drayton Valley's postmaster, John "Jack" Bright, was born in Belfast, Ireland. When he was five years old his parents immigrated to Canada, coming to Conway where they farmed for several years. Jack finished his high school work in Edmonton and went into the army in 1939.

The Brights own their own home in Drayton Valley. In fact they have built two, selling the first one and building the one they are presently living in. They have two sons, John Jr. and Richard.

Jack is a member of the Chamber of Commerce, he is also secretary of the Boy Scout Group Committee. He is a member of the Anglican Church where he has served as vestryman and as church treasurer.

Post-Office Remodeling

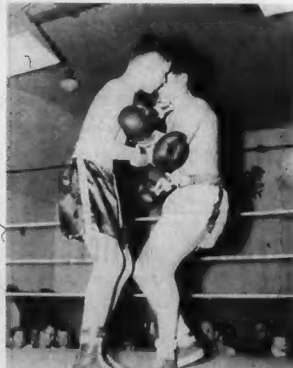

Another good sign of the growth of Drayton Valley may be seen in the post office expansion which has been underway since the first of the year.

which is open only during post-office hours, from the outside lobby where the boxes are located which is open for a longer period.

In 1957 when postmaster Bright took over the post-office following the retirement of Mr. Chesterton there were 1428 square feet of floor space in use. The new addition will increase the floor space by exactly 800 square feet, making a total of 2228 feet.

Standard Construction, under the direction of Mr. Doug Siminson, has the contract for the expansion and remodeling job which will make a very attractive post-office interior when finished. Both the inside lobbies and the outside are being finished in natural grain wafercoating. Double doors separate the inside lobby

(cont. page 11, Col. 1.)

Staff Photo

Orvin Combs of the Local Club and Teddy Males of the Jasper Place Club showing some fast action in the Boxing Card staged in Elk's Hall about a month ago. This fight was in the 110 pound class. Males was declared winner in the second round as a result of an unintentional foul by young Combs. Orvin is brother to Ruffa Combs. Another Combs boy, Marvin is also an up-and-coming young boxer, but did not fight that night as there was no opponent to match him with.

Home & School

The Drayton Valley Home and School Association are holding a Valentine Bazaar in the Hudson's Bay Store, Saturday, February 11, from 2 to 4 p.m.

The co-operation of all parents would be greatly appreciated to make this project a success. Please bring your baking to the Bay between 1:30 and 2:00 p.m.

FLYING TRAINING SCHOOL

The flying training school which was started in Drayton Valley last October 14th, by Mr. Howard Cowles, of West-Edwin Airways Company is just completing the three months course. The course will finish on February 18th.

At that time each of the fifteen young men who have taken the course of 35 hours flying instruction will become eligible for a private Pilot License. Mr. Cowles expects to start another training course this fall.

Those who have taken the local course are: Don Argon, Jack Argon, Wayne McLaren, Al Phillips, Glen Wood, Harold Rogers, Lage Jensen, Ken Hauber, Benoit von Tessenborn, Louis Klein, Terry Piper, Harold Barke, Mike Schiller, Jim Erickson and Clare Allen.

Mobile Oil granted the Flying School the use of their strip for the course.

Lions Meeting
The regular meeting - Tuesday - of-the-month Lions meeting was held last Tuesday in the Cardium Room with a very good attendance. Five visitors were present for the meeting.

Among the visitors was Andy Tchak, who was a charter member of the Lions Club when they first organized in Drayton Valley three years ago.

A very enjoyable program had been arranged by the program committee, who had invited Dr. Stevens to be present to show his slides of his medical missionary work in Ethiopia. The slides and Dr. Stevens' commentary was very much enjoyed by all present. In the course of his talk Dr. Stevens spoke of the prevalence of certain types of diseases in Ethiopia. He said that these were a number of malnutritional diseases as the result of an improper diet. The speaker mentioned, in answer to a question put by one of the Lion members that the institution of marriages was, on the whole, a more or less loose sort of an arrangement sometimes the couple get legal-

PUBLIC NOTICE

PREPARATION OF ASSESSMENT ROLL 1961
Town of Drayton Valley, Alberta.

Notice is hereby given that a general assessment for 1961 has been made under the provisions of The Assessment Act, and that the assessment roll of the said municipality has been duly prepared, and that if any person thinks that any property has been wrongfully assessed, or assessed too high, or too low, or that his name has been wrongfully entered upon or omitted from the roll he may at any time prior to the 30th day of April, notify the secretary-treasurer in writing of the particulars and grounds of his complaint.

Dated at Drayton Valley, this 30th day of January, 1961

W.G. KRANINSON
Secretary-Treasurer.

YOUR FIRE DEPARTMENT

Your fire department has one more fire to report at this writing. It occurred about 1:15 p.m. Feb. 3 in a garage behind Atlantic Wire Lines Ltd., and was caused by fumes from an open container of gasoline being ignited by a stove fifteen feet away.

Fast action on the part of the person working in the garage and a small miracle helped to hold damage to a minimum, however it could have been an entirely different story.

Normally when gasoline fumes are lit there is no explosion sufficiently large to eliminate any potential fire hazards in the building and leave the fire to progress unimpeded and without the building and inhabitants. The small miracle in this case was that there was no explosion and the occupant was able to control the fire. It was a very fortunate small miracle.

I don't know about you, but I'd just as soon not take the chance I'd rather invest fifty cents in solvent, or if I was broke I'd use gasoline outside and take the cold. That kind of cold I can stand much better than the kind of heat that could develop.

Calvan Office.
BRAZEAU CHIEF CHAMPION.

The Brazero River Chess Club plan for 1961 is Mr. Gerry Verhaaf, of Calgary Power Ltd. Mr. Gerry Beck took second place, Mr. Beck is also employed in the Calgary Power office. The time for the next tournament has not been decided on yet, but Mr. G. Beck will give further details in the next issue.

BROOMBALL Calgary Power Vs. Mannis.

A Broomball game was a recent highlight of this community. The "Brazero River Project Station". The game was held Sunday afternoon, February 5. The winner was Calgary Power Ltd. with a score of 10 to 5.

Following is the list of sportsmen in action:
MR. CALGARY POWER LTD.
Mr. L. Lalune Captain,
Mr. P.C. Roughnigh
Mr. G. Verhaaf
Mr. M. Walton
Mr. C. Brownbill
Mr. G. Beck
Mr. R. Horbes
Mr. N. Olson
Mr. M. Mortuary

FOR MANNIS:
Mr. T. Smith Captain,
Mr. G. Koran
Mr. Ed. Leo

Mr. J. Fountain
Mr. H. Ferguson
Mr. T. Archibald
Mr. T. Cadie
Mr. J. Vowk
Mr. N. Polay
The Mannis team is still looking for revenge. Mr. Al Miller will be the Trainer for the next fight.

CHESS CLUB IN DRAYTON VALLEY.

With the assistance of Dr. Brooks Mr. Gerry Beck, of Brazeau Big Bend Dam will start a Chess Club in Drayton Valley if enough members are interested. Everyone from twelve years of age on up will be welcome to become a member of the club. If interest please write to Mr. G. Beck, c/o Calgary Power office, Brazeau Dam Project, Lodgepole.

MANIX LTD. AND POOLE CHIROPRACTOR

These two companies will start hiring men for their 1961 season of work. The companies have already hired some men recently and about Mar 1 more men will find work on this project.

(By Appointment if Possible)

LAST WORD TO THE LADIES - Frances Mehab

On fashions --

Although we are in the middle of winter's deep freeze, spring is poking its head around the corner via seed catalogues, half-price sales of winter clothing, and the first flowered hats of spring.

A milliner acquaintance for - wards us her tests for fine flower millinery: are the flowers sewed on petals by petals? the material of the flowers light weight - fine cotton, silk, nylon or velvet are best. Coarse cotton will curl and lose its stiffening... Is the hat lined?

Any needy woman can take a favorite old hat, fresh ribbon and flowers, replace them and re-cover the shape. Tricla to remember: Clean the hat thoroughly first if the trim curves out over the face, be careful to cover faded exposed parts.

Pin the petals in place before you sew them. Start at the outer edge of the trim, cover the stitches at the top of each petal with overlapping petals as you go until you get to the crown. Use bows or buns to hide final stitches. Discard all leaves of poor quality. If you have to, make yourself good cotton or silk leaves. As you sew, try on the hat at intervals to make sure it is becoming.

Food for forty plus --

We notice the U.S. Department of Agriculture says people over sixty-five are inclined to cut down on meat, fish and milk - a dangerous practice, for these are the very nutrients

(white enamel)

The following article was taken from the Edmonton Journal recently. Mrs. Combs is the mother of Mr. Irvin Combs of Rocky Rapids and Mr. Floyd Combs, also of Rocky Rapids. A grandson, Rufus Combs, the son of Mr. and Mrs. Irvin Combs is getting quite well-known as a promising young boxer. The Combs General Store burned down during the summer of 1954; it was never rebuilt.

Recalls Adventures Of Pioneering On 87th Birthday

Memories of pioneering adventures in both Canada and the United States are recalled by Mrs. Nellie Jane Combs of 8115 17 Ave., who marked her 87th birthday Jan. 26 at a party at the home of her daughter, Mrs. Rufus Chamberlain.

Mrs. Combs recalls home-steads in Loveland, Iowa, a trip by covered wagon to a home-stead in Trail, Dewey County, Oklahoma, coming to Edmonton in 1912 by immigrant car and a stay of 10 days in the old Immigration Hall on 101 St., then more home-steading in the Tomahawk and Rocky Rapids districts.

Born in 1874 near Loveland, Iowa, Nellie Jane Skellan became the bride of Isaac Combs in 1891 when she was 17. After farming for seven years in Loveland, Mr. and Mrs. Combs made the journey by covered wagon with their four children to Trail, Okla.

Every night during the month-long trek the settlers formed a circle with their wagons, as a protection from Indians.

Home in Trail, Okla., was a dug-out sod house and drinking water was rain water caught and stored in a cistern. Horses and cows were kept in a corral. Mrs. Combs also of the cattle men who were determined to drive the farmers off the land, says Mrs. Combs.

MRS. NELLIE COMBS

—Photo by Coerts Studio

RANCHERS VS FARMERS To discourage the settlers, the cattle men would cut fences and drive cattle across the farmers' crops. Mrs. Combs recalls one night when she and her husband were roping a fence after herding some cattle off their land. Watching cowboys, seeing Mr. Combs without a gun, "roped" Mr. Combs.

Mrs. Combs tricked them into letting her husband go. She

pretended that the wrench she had been using as a hammer was a gun.

Coming to Edmonton and the home-stead at Tomahawk in 1912, Mr. and Mrs. Combs had to haul lumber up the North Saskatchewan river on the ice to the location of their new home in Rocky Rapids.

Two years later they moved into their new home where they ran a post office, a small store, and hauled freight from Galtford for the district.

STORE, THEN VILLAGE

A store which they later bought on the road to Edmon-ton was the beginning of Rocky Rapids village. Mrs. Combs notes. She also claims that her family had the first car and truck in the district, both Model T Fords.

Her husband died in 1945 and Mrs. Combs later moved to Edmonton.

Mrs. Combs has a family of five sons and daughters, all grandchildren, 18 great-grandchildren, and two great-great-grandchildren.

Members of Mrs. Combs' family who are living in Edmonton are her daughters, Mrs. Rufus Chamberlain and Mrs. W. T. Abell, who were housewives at the party, and her son, Mr. Clarence Combs.

The first patent on a wire safety pin was not issued until 1860, and the modern industry got started about 1915.

Temperatures in southern Alberta may vary as much as 38 degrees between noon and midnight.

The Chapel Hour

THE WORLD'S GREATEST
MEMORY

By: Ken Chant
Taken from a Kingdom Digest.

Text: Without controversy, Great is the mystery of godliness: God was manifest in the flesh, justified in the spirit, seen of angels, preached unto the gentiles, believed on in the world, received up into glory. - 11 Tim. 3:16.

GOD WAS BORN among men.

He was born among men in the person of the Lord Jesus Christ, Jesus was the Son of God. This is a staggering fact, and, if it is true, its implications are startling.

God must have bled with a great purpose; a great result must come from it.

The Bible gives us the basic reason for the Son of God being born among men in these words, "This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners."

Man was originally made in God's image. What does this mean? Simply that man was endowed with intelligence, emotion and will. It was intended that his intelligence be enlightened by the wisdom of God; that his emotion be limited by the pure love of God and that his will be energized by the supreme authority of God.

But all this is now become warped. Man's intelligence is warped by sin, his emotion has become chafing lust, his will has become a cruel tyrant driving him away from God. Instead of being linked with the limitless power of God, man chooses independent action and so became a slave to his own little desires.

The extent of man's ruin is indicated by the centuries. He has taken God to task through to him, "But into this darkness the Son of God was born. Who was Jesus? He was the Son of God and the Son of man. His name was Emmanuel, meaning "God with us." And His name was also Jesus, meaning "He shall save His people from their sins."

It was His humanity that wept when He heard of the death of his friend, Lazarus. It was His deity that cried with authority to the grave, "Lazarus, come forth."

It was a man who wept over Judgements that were to fall on that city, but it was God who pronounced those judgments.

In His manhood, Jesus took the

little children into His arms and set them on His knee. In His deity, He said, "Except ye become as a little child, ye cannot enter the city of God."

As man, they called Him the Man of Sorrows, for God, He said, "My joy shall remain in you."

A weary man slept in the bow of the boat. An omnipotent God commanded the waves to be still.

Jesus, the Son of man, in good humour sat as embarrassed Peter drew to the wheat to fish for the tribute money. Jesus, the Son of God, caused the fish to swallow the coin and bite the hook so that the tribute could be paid.

The man hungry sought fruit off the fig tree. God, in power, cursed that barren tree and withered it overnight.

So the Son of God became man that He might save sinners and heal those who were sick and sorrowing.

It is said in the Scripture that God must humble Himself to notice the things that are in heaven, and still more to notice the things that are in the earth.

How great was His humility, then, when He so humbled Himself to become a man. How marvelous must be the mercy which drove Him to such lengths to provide forgiveness and healing for those who were sinful and suffering.

Jesus was God, and yet in His love He was glad to hold the little children. He who was the fountain and author of life became the recipient of death. He was God, but He gave His life to save even those who took His life.

At God, He guided the miners to dig the iron and helped them make the rails that planned Him to the time. While He was yet on His throne before He humbled Himself, He gave life to the tree from which they, carved the wood for the cross. He who made the birds to sing became the Man of Sorrows. Jesus touched the untouchable and healed them. He loved the

Drayton Valley, Alberta.

February 9, 1961

Page 5

unlovely and gave them hope. He died for the ungrateful and gave them heaven; He was the owner of all things, yet for our sakes He became poor.

At God, the eternal heavens were His habitation; but, as Man, He said, "The fowls have holes, and the birds of the air have nests, but the Son of man had not where to lay his head." Jesus was the brightness of God's glory, the express image of God's person, the essence of the invisible God. But, in love for you, He took on a body - a body that was doomed to die.

He was the One before whom the angels of God stood with covered faces, and cried night and day - "Holy, holy, holy. In the Lord of hosts." But He was made of hosts. That He might save you and me. Jesus was Jehovah-Rapha, the healing God, the Belim of Gilead. But He was made sick with your sickness that you might be healed.

Before the world began He knew what the end would be; yet He still began it, and drank bitter cup to the last drop. Love such as this we cannot understand. We can only receive it and give heartfelt thanks to God.

This world can never be the same again. Jesus Christ has trod the pathway of a man. The light has shone in the darkness. The love of God has broken into the heart of men. The friendship of God stands against the enmity of men. The kindness of God is opposed to the cruelty of men. The healing of God has become no longer than the sick need of men. The salvation of God is deeper than the sin of man. The mercy of God is mightier than the need of man.

"Christ has come, the light of the world. He has come: the Revealer of the secrets and chasms that lurk in darkness, the Reformer of every evil thing that prowls by night, the Stillness of the storm winds of passion, the Quickener of all that is wholesome, the Adaptor of all that is beautiful, the Reconciler of contradictions, the Harmonizer of discords, the Healer of diseases, the Savior from sin. "He has come: the Troch of truth, the Anchor of hope, the Pillar of faith, the Rock of strength, the Refuge for security, the Fountain for re-

freshment, the Vine for gladness, the Room for beauty, the Lamb for tenderness, the Friend for counsel, the Brother for love."

-- Peter Bayne.

Jesus was born in Bethlehem twenty centuries ago. Into the granite face of human need God has carved an open door ("Cont." on page 10, Col. 1)

LUTHERAN CHURCH NEWS

The Lutheran Women's Missionary League met Thursday, Jan. 26th for its quarterly meeting. A very interesting topic on "Women on a Mission" was the highlight of the meeting with the making up of a baby layette for World Relief following.

With the Churches

ANGELICAN CHURCH: All Saints: Rev. Brown, Rector, Sunday 8:30 a.m. Holy Communion: Morning Worship - 11:00 Sunday School - ages 7 to 14 - 10:00 and nursery to 6 years 11:00 a.m.

CHURCH OF GOD: The Pastor I.C. Wulff. Morning Worship Service 11:00 a.m. Sunday school - preschool; school and adult 9:45 a.m. Evening Service 7:30 Children's Church practice 9:45 p.m. on Tuesday, Jan. 26th, 3rd grade (school grade) Senior Choir practice - 7:00 p.m. Tuesday, Top Teen - Tuesday 7:00 p.m. 9 (high school grades) Firstwings Club - Wed. 8:45 p.m. (4th, 5th and 6th grades) The Midweek Prayer Fellowship - Wed. 8:00 p.m. Crusaders Fellowship - 8:00 p.m. Thurs. (For all youth who are out of High school); W.M.S. meets 2nd Thurs. each month at 8:30 p.m. Christian Fellowship Club - 8:00 lat. Tues. of each month

ST. ANTHONY CATHOLIC CHURCH: Rev. Father Scriven. Morning mass at 9:00 a.m. every Sunday.

UNITED CHURCH: Service 11:00 a.m. Sunday School - ages 9-45, Pre-school ages 11:00 C.G.I.T. - Monday 7:00 p.m. Gen W.A. 4th Thurs. at 8:00 p.m. Evening W.A. 1st Thurs. 8:00 p.m. V.G.W.A. - 2nd Thurs. 8:30 p.m. St. Choir - Thurs. 8:15 Session 4:00 Thurs. 8:00 p.m. Couple's Club 3rd Thurs. - 8:00 p.m. Ht. C Sunday 7:30 Explorers.

Looking at Recreation

by Michael Gormley
Recreational Director

"RECREATION DEFINED"
During the past few years the word "recreation" has been defined in several different ways, some very good while others not quite so good. The Supervisor of the Community Recreation Bureau, Miss Elsie M. McFarland has come up with an excellent definition of the word "recreation" Miss McFarland's definition of the word is complete and to the point without being exorbitant, in fact, it is the best that I have come across in relation to this field.

Here is what Elsie thinks of recreation: "Recreation is any constructive leisure time activity in which an individual engages for pleasure, because of the enjoyment and satisfaction it brings him or others. It may be sports, camping, music, drama, crafts, reading, travelling or discussions. It may be a personal hobby, a group project or an experience shared with others. Recreation contributes to the physical and mental well being and provides an opportunity for expressive, joyous and enriched living."

I think that it would be hard to improve on that one, if anyone should come across a better, more complete and more to the point definition of the word "recreation", I would certainly be interested in hearing from the individual.

HOCKEY SCHEDULE COMPLETED

The Drayton Valley Intro-town Minor hockey schedule was completed on time last Friday evening at 8:00 p.m. Each of the four teams in the local Pee Wee League and each of the three teams in the Bantam league played a total of ten games in their respective league schedules. In the Pee Wee the teams finished in this order: D.V.A.A., Cana diens, D.V. Hotel Flyers, Wilmar Foods Rangers, and D.V.A.A. Red Wings. Among the Bantams the D.V.A.A., Rotarians walked away with the lead, the D.V.A.A., Elsie came in second while the D.V. Dry Cleaners "Oil Kings" finished in the cellar.

The play-offs for both leagues got under way this week. In the Pee Wee circuit all four teams are taking part. Bill Wilson's Cana diens are facing Dunc Schoep's Rangers in "Series A" of the semi-finals. In the "B" series Herb Pollock's Flyers are battling it out with Jim Wilson's Red Wings. Both of those series are the best of three games affairs and the two winning teams will play off next week in a best of five series for the town championship. Among the Bantams, the Rotarians got a bye into the finals, while the Elsie cross fire with the Oil Kings in a three game series this week. The winner of this series will go against the semi-finalists in the Bantams next week to decide

the Bantam title and who will carry away the newly donated Rotary Trophy.

At this time I would like to mention that the Drayton Valley Rotary Club have more or less taken Bantam away from their wings. They donated the beautiful new Rotary Trophy which will be presented to the team which wins the Bantam Hockey Championship of Drayton Valley. This fine award is now on display and can be seen at Thompson's Sporting Goods. The Rotarians are more-over donating two individual trophies in the form of small trophies for Bantam competition. One will go to the boy voted as the most valuable player in the league while the other will be presented to the individual deemed to be the most sportsman like competitor over the season's play.

We have three individual awards on the shelf for the Pee Wees. All have been donated by the Rotin Hood Out Co. of Canada who donate such miniature trophies annually on a country wide basis. One will go to the league's most valuable player, one to the best sportsman and one to the most deserving goalie over the past season's play.

HOCKEY RESULTS: The Pee Wees had another great week for themselves under almost ideal weather conditions. The Hotel Flyers played three games during the week. They upset the Wilmar Foods Rangers 2-1, dropped a 4-0 tilt to the D.V.A.A., Cana diens and came back to edge out the D.V.A.A., Red Wings 4-3 in the final game of the season. Roy Lewinuk was the Flyers' big goal scoring 4 goals. Garry McMorris and Jackie Calbra were the other Purple and Gold marksmen. Brian Church scored the lone Ranger marker. Elwood Johnson got a pair of tallies, while Kasey Larson, Terry Ward and Fredrick got single goals for the Cana diens. Jerry Lewis with one tally and Calvin Wall with one tally were the Red Wing marksmen. In the other two Pee Wee fixtures the Rangers played the tussle and the Red Wings to a 2-2 tie and the high-flying "Candians" upset the same Rangers 8-2. In the Ranger - Red Wing game Kleith Brooks and Brian Church scored for the Wilmar boys while Richard Bright and Jerry Lewis were the Wing marksmen. In the Cana diens game church and Brooks scored again for the Rangers while Elwood Johnson and Stanley Lusk each picked up triples and Terry Ward and Freddy Kerr got singles for the Red Wings and Blue.

In the Bantam loop the Rotarians blanked the Elsie 3-0 on a pair of goals by Kenoy Billa and a single by Cliff Lindsay. Bob McManne who has set up a very fine record in the Rotary

netz over the season scored his first shutout of the schedule. The Rotarians kept up their winning ways and went on to close the season with a 3-1 victory over the Oil Kings. The Rotarian scores were Kenny Billa, Johnny Huska and Frankie saw while Gordon Brown notched the lone King tally. In the final game of the season the Elsie upset the Oil Kings 4-2 in what was reported as the finest game of the entire schedule. I am sorry to say that at this writing the statistics of this game has not been close up to me as yet. In out-of-town action I understand that both the Pee Wees and Bantam All Star teams lost very close games at Calmar on Saturday while the Pee Wee squad won a close one at Thorby on Sunday afternoon. I have not any definite reports on any of those games at the moment.

In the Midget ranks the locals got off on the wrong foot in the Provincial Playdowns when they dropped a 6-2 decision to the Wabamun Kiwifans in a game played at the local rink Saturday afternoon.

The two Davids, Joyce and Horfe were the D.V. marksmen.

JUVENILES OFF TO WAINWRIGHT: The Drayton Valley Pipelines who have amassed a very fine exhibition record of 8 wins and 2 defeats in local juvenile tournaments will be off to Wainwright to play a two-game total point series with the home team the first round of the Juvenile Provincial Playdowns' quarter finals. They will leave by car Friday at 1:00 p.m. and will play in the Army Tent Friday evening and again Saturday evening. Game time in both cases is 8:30 p.m. This was supposed to be a home and home series, however, since the Wainwright delegation offered the services of their arena, board and accommodations for the entire D.V. team for two days plus a split on the gate receipts of both games, the deal was just too good to turn down, especially when you face the fact that we might not have a suitable ice surface on the local rink at that time.

The Pipelines kept up their tagged pace during the past week by downing the Mayrothohe Millionaires 11-2 at the local rink Friday night.

BOXING NEXT WEEK: Since the Dominion Boxing Championships were granted to Drayton Valley a couple of weeks ago, there seems to be a startling revival of interest in the sport. This tournament without a doubt will be the biggest and the finest sports event that was ever held in Drayton Valley. It will focus the eyes of the entire country on our town

from now until mid-May. Numerous preparations are already well underway and steadily the meetings will be held from now on to measure the progress of the project in the work of the different committees that have been set up.

One thing, however, that must be kept up to scratch is the public interest in the game itself. Gordon Cross who has spearheaded boxing in Drayton Valley during the past few years seems to have this situation pretty well in hand. He is in the process of organizing one of the finer boxing cards ever presented in the Valley. The show will be held at the R.P. O.E. Hall on February 16, starting time 8:30 p.m., the main event will again feature

Rules come against the best available opposition. It is hoped at this writing that the Hubsma Warrior Boxing Club will be on hand for this card. This club is composed entirely of Bantam boys and is turning out some of the most colorful fighters in the province. If the Hubsma delegation came here it is likely that Rufus Combs would be paired off with the Hubsma fighters, Fritzie Hodgson one of the most respectable young scrappers in Northern Alberta.

So, folks, one way or another, Gordie Cross will have a real day of a boxing program prepared for you on Feb. 16. If you are a boxing fan - don't miss this one.

(Cont., page 10, Col. 1)

A State of Mind

Your MP
Dr. Hugh Horner
Reports

The cost-price squeeze is a very real thing. The economic position of farmers relative to the rest of the economy has deteriorated over the past number of years. But as we have pointed out on other occasions in this column, there is a steady widening gap between the incomes of neighbouring farms which a few years ago were in roughly the same position. From a similar starting point, one farm family will steadily advance and improve its position, another will with difficulty maintain its position, or perhaps slip backwards. Why?

Many possible reasons suggest themselves. It is, of course, a matter of management. The well-managed farm is the one which progresses. Good management, which is the making of good decisions, makes the differences.

But why is one man a good manager, and another a poor one? Education has something to do with it, because a well-educated person probably has the training that enables him to make better decisions than his less well educated neighbour. But formal education is only part of the answer. We all know people who are good farm managers. It would have been easier for him had he had the advantage of more education. But to some extent he has overcome this by educating himself. He has read quite widely. He has absorbed all the available information about better farming that is useful to him - attending short courses and meetings, using the services of the Department of Agriculture, reading farm publications, hearing farm broadcasts on radio and T.V. Perhaps he has attended a farm management course in his district.

Many have made this effort. It has obviously paid off for them. Perhaps we should ask, why has his neighbour not made a similar effort? I suppose it is a matter of personality, or perhaps we might call it a "state of mind". Perhaps it depends upon self-confidence or lack of it, optimism, a faith in his own ability to succeed or attitude of defeatism.

At any rate, it is usual to hear the more successful man say, "That sounds like a good idea; with a little alteration it might work well for me. The successful neighbour must be right, 'That's' straight for the rich guy, but it's no good to me." The successful operator sees a problem and sets about solving it. His neighbour thinks the Government should do some

thing about it. And so on.

All of which doesn't prove anything very much. But perhaps it shows that an essential ingredient of success in farming is optimism, a faith in oneself and the future, and a determination to use one's own ability to make that hope of future success come true. Perhaps you could call it "A State of Mind".

Your MP
Dr. Hugh Horner
Reports

Prior to Christmas, Parliament passed an Act respecting Technical and Vocational Training Assistance. In this Bill the Federal Government provides assistance for the construction and operation of Technical and Vocational Training Schools.

This is a big step forward in Federal help for education and will provide the means by which many of our unemployed can be trained or retrained. It is a fact that the majority of unemployed today are unskilled. Too many of these unskilled unemployed are young people who have left school early without any trade or profession.

The Act provides that the Federal Government will do the training that enables him to make better decisions than his less well educated neighbour. But formal education is only part of the answer. We all know people who are good farm managers. It would have been easier for him had he had the advantage of more education. But to some extent he has overcome this by educating himself. He has read quite widely. He has absorbed all the available information about better farming that is useful to him - attending short courses and meetings, using the services of the Department of Agriculture, reading farm publications, hearing farm broadcasts on radio and T.V. Perhaps he has attended a farm management course in his district.

1. Pay 70% of the cost of training or retraining program for the employed.
2. Pay 60% for other types of programs in technical schools.
3. 75% of the capital costs of training facilities to 1963 and alterations, new equipment, etc.
4. Federal research program into the problems of educating our population for the automation age.

I would hope that these technical schools will not be confined to the larger centres but that decentralization would be used and that schools established in those areas that would have the local type of industry related to them. This is why the Cameron Commission had in mind when they recommended community colleges - specialized vocational training schools.

LEGION NEWS

By Ken Wardlaw
The regular monthly meeting of the Royal Canadian Legion was held in the Legion Hall Wednesday, February 1, with 25 members present.

New and active interest was shown towards the plans for a new structure to house Branch #509, of the Royal Canadian Legion, with a special General meeting to be held on February 16th at 8:00 p.m., for Building Committee reports and discussion of same.

A Legion Mixed Bonspiel will be held on February 23, Ladies must be in by February 21. Legion Members, wives and Auxiliary members and their husbands are only eligible for the Bonspiel. Entries should be sent to W. Davies.

The Legion plans to assist in the Dominion Amateur Boxing Finals at accommodations, transportation and weighing-in. These finals are to be held in Drayton Valley Curling Rink May 15, and 13th.

The Ladies Auxiliary are sponsoring a "Whit Drive and Cribbage Tournament" on February 11th, to be held in the Legion Hall for members and guests only.

Winners of the Radio Raffle were R.D. Conger, with ticket No. 289 and Ralph Bittorf with ticket No. 187.

Male Police Outsmarts Meter Maid

BILLINGS (AP) - It was his body against badge in M.I. Ranges. And a male meterman over feminine wits. It began when an off-duty traffic cop saw a black truck stop at a meter maid engine. The cop saw the meter maid away on the parking meter. "Click" went the meter and the meter maid started across the street. "That's" straight for the rich guy, but it's no good to me." The successful operator sees a problem and sets about solving it. His neighbour thinks the Government should do some

THE CHAPEL HOUR

(Cont' from page 8, Col. 4) of opportunity - a door that no man can close. The invitation is given to you - "Come unto me all ye that labour and are heavy laden and I will give you rest. Take my yoke upon you and team of me, and ye shall find rest unto your souls."

This day let the Babe of Bethlehem be born again in your heart, know that you have the Son of God dwelling in you, and all of God's limitless love, for goodness, healing and supply will be yours.

LOOKING AT RECREATION

(Cont' from page 8, Col. 6) HERE AND THERE - A local delegation will be going to Edmonton for a Press Conference in relation to the Dominion Boxing Finals which will be held in the spring. This is the organization of the "Big event."

Please do not expect the Recreation Director to shoot or serve on any secular committees; the answer to all and any such requests will have to be "NO" since my directorship requires all and even more time than I can put into it without any sidelines whatsoever.

Some girls like a man with a jaw line like a man with a jaw line, they all go for the man with a jaw line.

LAST WORD TO THE LADIES

(Cont' from page 3, Col. 3) they should be eating. Remind your favorite aunt not to slip into such errors.

More than words endanger fun:

If you were the fortunate lady who received a new link (or mislink, or anything) furpiece or coat, make it indelibly yours by marking your name on the inside of the skin; and if practical put a sequence of numbers on every skin in the garment or item. In some cities fun cannot be insured for thieves are so successful. Police say thieves leave furs untouched once they spot such markings.

You can do this by ripping one corner of the lining and stamping with indelible ink.

A prick of the needle puts you on the safe side ---

The new Salsine vaccine, (polio vaccine by mouth), has been approved by Public Health Service but will not be available on the market for another year or two. Don't wait. Start your Salk vaccine shot soon to be ready for the season which reaches its climax in August. Only one fourth of one percent of the persons who got polio last year has actually had Salk shots. So it looks like that is

still the most effective way to protect your family. Don't forget the parents can get it too and if anything that's worse for who's to look after your salary and home when you're sick?

On Spring Cleaning:

One woman of our acquaintance says the never-worn about seasonal discards. When she buys a new dress she gives one away. This is a good check on impulsive buying of dresses she really doesn't need, for if she has to think about which to give away, she really weighs the merits of her new purchase.

On Children Telling Lies:

One mother thinks she has the answer to this - she deliberately tells a lying child a few lies herself

When he goes to bed the truth is pinned to his pillow. She chooses her lies so they will put him on the spot, just as his put her on the spot.

It only took about four of mother's lies to cure him for all time and he knows if he starts in again, he's likely to be in for the cure.

D.V. Highlights

Sorry to hear that Mrs. Larbalster is in hospital to have all

her teeth removed. Hope she will soon be off her soap and porridge diet.

Mrs. Press had the misfortune to injure her knee while skating and must wear a cast for a month.

Mrs. Styer will go to Edmonton for surgery just as soon as there is a bed available in a hospital.

A recent visitor to Swan Hills tells us that every second person he met was a former

Drayton Valley resident. Swan Hills boasts a newly organized Oil Wives Club and a Lion's Club. The Fairmans, as usual, are active in community life. Clarence Hillier seems happily settled in his new position as manager of Ken's Men's Wear. Mrs. Arkus is principal of the school.

Congratulations and best wishes to the P.N.A. on its fifth birthday. May it enjoy many more happy years.

PORT OFFICE REMODELLING

(Cont' from page 1, Col 6) regarding the probable future number of residents the town will have.

In 1963 before the oil was found in this field, less than 100 local residents, in the country or the Hamlet of Drayton Valley, were getting mail here. The present figure of 900 shows a tremendous increase in the past eight years.

Present staff of the post-office numbers seven full-time or part-time employees. In addition to Mr. Bright, there is Miss Bedford, assistant postmaster, and Mrs. Henkle, Mrs. Casper, Mrs. Lucille Brown, Mrs. Reynolds, Mrs. Disney and Alan Disney.

BASKETBALL

SHORTHANDLED PACERS DROP FIRST GAME.

The Drayton Valley Pacers lost their first game in the Pembina Valley Basketball League last Friday evening when they were defeated by a 31 - 21 victory at the Frank Maddock High School Gym.

It was not altogether the power of the Enroute squad that swept the locals off their pins but hockey and a few other activities around town were more or less the deciding factors in that at least four players were tied up and could not carry the Blue and Gold in Friday evening's fixture. This is a situation which we try to avoid, however, in a fast growing town these complications are bound to develop from time to time, much to the dismay of all concerned.

Coach Bob Barker played the entire game for his team scoring eight of the 21 points. Wally Mohr had a good night with 9 markers while Ross McMillan got the other four scores.

Enroute got off to a flying start and held a wide margin at quarter and half time before Barker and his men started closing the gap. Much of the scoring was done in the first half with the Enroute team scoring several points on long pin-pointed throws before a suitable defence could be set up to offset this method of attack.

Despite the defeat the Pacers are still tied for the league leadership with Willowood. The locals face the Evansburg team next Friday evening in the local gym in their last home game of the season. Game time will be 7:00 p.m. So folks this is your last chance to see the high-flying Pacers in action before the play-offs which will be run off early in April.

In the opening game Friday night the D.V.H.S. Juniors could not seem to get going and dropped another contest throughout and the locals never really threatened if a opposition at any time.

Technical BUILDING PERMITS School

Bill C-49 was recently passed by the House of Commons. The bill was our Federal Assistance for Vocational Training Schools. The Member of Parliament for this riding, Dr. Hugh Horner, has pressed for the passage of the bill, which cleared the House recently. Dr. Horner has also recommended to the House that a Vocational School be located in Drayton Valley.

As provided in Bill C-49 the federal government will pay 70% of the capital costs of construction and 50% of operating costs. Drayton Valley has been recommended as a centre for a vocational training school for trainees for the oil industry and allied industries. All that now remains is for the Provincial Government to set aside the 30% balance of the capital costs and the school should become an accomplished fact in this area.

ly married, but just as often they don't. Divorce can be quite simple in that country, by the man just walking off and leaving the women with the children. He said that as a usual thing the parents of the wife could come to her rescue, and support both she and her children, in the absence of welfare programs such as we know them here.

Dr. Steeves, with Mrs. Steeves in Ethiopia under the auspices of the Sudan Interior Mission group.

During the regular business session the Club voted to carry on with the Rodeo again this year, as they did last year. No definite date has yet been set for the Rodeo.

Drayton Valley building got underway with a vigorous surge that indicates that 1961 may surpass 1960 in the volume of building permits issued.

Following is the list of building permits issued till the end of January for a total value that far of \$37,560.00

WALTERS GO TO PARIS

Renault salesman Herman Walters, of Walters Sales and Service, Evansburg, with Mrs. Walters, left Tuesday morning by jet plane for Paris, France, as the guest of Renault Company of Canada, Ltd.

Mr. and Mrs. Walters will be gone for three weeks in Europe. While they are there all expenses will be paid by the company including round-trip fare, hotel meals, etc. They will even receive a cheque for one hundred dollars for incidental expenses. While there they will receive free use of a new Renault car with which to tour Europe.

Mr. Walters was the only Canadian dealer to win the coveted prize which was offered to the dealer having the highest over-

quota increase in sales over the previous year.

Born in Poland Mr. Walters speaks five languages, English, Polish, Ukrainian, Russian and German. Mrs. Walters speaks German as well as English.

Though neither speak any French they expect that there will be someone wherever they go who can speak one of the five languages so they don't anticipate too much of a language barrier.

They plan to visit Germany and possibly Italy, on their tour of Europe.

KNOW YOUR CANADA
WHAT IS A SHAKE?

A shake is a type of shingle made in British Columbia from western red cedar. Cedar shakes are used both for roofing and siding. Thicker than ordinary shingles, shakes are used both for roofing and siding. Thicker.

Vol. 6, No. 6. February 16, 1961. A. Playford, Publisher. Box 150, Drayton Valley.

DRAYTON VALLEY 1961 CENSUS

On the 29 January 1961, seven resident ladies of Drayton Valley commenced taking a Census count of all persons residing in the Town proper, by Thursday of that week the first results started to come in showing reason to believe that the Town had not gained in population by as big a margin as in years heretofore. It wasn't until the Thursday of the following week that the whole count was in and unofficially counted. Some revisions were made in the next day or so and on Monday 13th-February, 1961, the official figures of the population of Drayton Valley as at the 7 Feb. 1961 were as follows:

Head of Household	Spouse	Children 13 & over	Children 6 to 12 Inc.	Children 3 to 5 Inc.	Children under 3 yrs.	Total
1196	898	229	873	422	571	3,969

It is to be noted that as first suspected the population gain in the Year 1960 was very small in relation to previous years. However it is believed that our Town continues to have a growing future and although the results of the unstable economy of the whole country has left its mark to some extent here, we can still

look forward to bigger and better things. We are still one of the larger towns in Alberta. 1956 population figures stood at 2,648 persons, in 1957 this number had increased some 300 to 2,970 persons, by 1958 the population had gone just over the 3,000 mark, at 3,009. In 1959 the population was 3,528;

In 1960 it showed a gain, to 3,821, and this year's figure shows the figure of 3,969.

Last year there were a large number of transients in the town working on rigs which were drilling closely. This year's figure, however, shows a much more stable and regular population figure.

Ratepayer's Meeting

The annual ratepayers meeting was held in the Council Chamber on Monday 13 February, 1961 at 2:30 P.M. There was a very poor turn out of ratepayers but possibly this would be on account of other work preventing their attendance or perhaps this as a vote of confidence in 'Your Pres-

ent Administration. However, the meeting got under way at 2:45 P.M. with a motion being carried directing that for all future Ratepayers' Meetings, Chairman of Committees be required to give a written report of the activities of their department for (Cont. page 1, col. 2)

MUNICIPAL PARK

For several years an extensive program of developing Provincial Parks has been carried on in Alberta under the Department of Lands and Forests. In 1960, the sum of \$716,000 was spent on expanding camping and picnicking facilities, beach sanding (Cont. page 2, Col. 3)

MELSON CHESTER MATLOCK

and used a four-horse team to haul gravel on No. 2 Highway between Okotoks and High River, which was just being gravelled at that time.

In 1927 Mr. Matlock went into the oilfield where he was to remain until the present time. For a short while he freighted oilfield equipment between Okotoks and Turner Valley and then he went to work building the old wooden drilling rigs that were once prevalent in the oil business. After working on his own for a while he went to work for Royall as a rig builder. He remained with Royall for two years and then went to work for a rig-building contractor, the A. S. Mann Company, with whom he remained until 1940, when he went back into the rig building business on his own again, building rigs for various oil companies, until 1951, when he went to Devon and began building rigs for Hightower Drilling Company, remaining in that business until 1953, when he went into the trucking business.

The Colfax district has always been famous as being a part of the "Big Wheat Country", the famous Palouse wheatfields which once employed the world's largest horse teams in pulling the early combines. The country still talks about the famous thirty and forty horse teams which were driven with a single line, a "jack" line (or "jerk line" attached to one well-trained "lead horse

Matlock's father brought the family to Alberta in the spring of 1912 and young Melson grew up in Alberta; they settled in the Champion country north of Lethbridge. Matlock was on the farm there until 1926. During this time however, he served in the U.S. army in the first World War from late 1918 till early 1919, after which he returned to the farm.

In 1926 he went to Brant, Alberta,

He married Miss Sylvia Hazel in December, 1916. Mrs. Matlock passed away in 1934 after bearing Mr. Matlock raised their six children himself. The oldest boy is in the service in the army. He has two other sons in the oilfield business and one, Lou, is engaged with his father in the trucking concern in this district. Two daughters are married, one living in Black Diamond and the other in Hines Creek, B.C.
